Sir:

Applicant respectfully requests entry of the following amendment to claim 62 after allowance to correct an informality in claim 62 as allowed. Specifically, the term "the computer readable memory" introduced in claim 62 lacks antecedent basis and should correspond to the term "removable memory storage device" recited later in the claim. In addition, the "removable memory storage device" introduced by claim 62 should be qualified as a "multi-party removable memory storage device" to distinguish the claimed multi-party removable memory storage device introduced by claim 62 from the removable memory storage devices previously introduced by claim 58. The requested amendment does not change the scope of the claim, but is appropriate to correct and clarify the claim as allowed. The Issue Fee has not yet been paid.
